

Naïm Taouri

Diplomas and qualifications

college certificate **St-ide** Lens / From September 2013 to July 2016
college certificate obtained with the mention "good".

Seconde général **Voltaire** Wingles, France / From September 2017 to July 2018

Option: Computing and digital creation

Bac STI2D **Louis Pasteur** Hénin-Beaumont, France / Since September 2018

Specialty: Information and digital system

Professional experiences

Stage **Pharmacie Boyer Delille Alain** Ostricourt, France / February 2016

I was able to do a one-week internship in third. This professional experience was beneficial for me because it was the one that introduced me to the world of work. My role was to store drugs in a robot which then classify them in shelves.

Skills

Programming an Arduino board

For the past two years, I have been able to program different Arduino boards to calculate a distance for example.

Layout and design

Solidworks, Revit

Computer skills

Proteus and its ISIS module

Thanks to this software, I was able to model various electronic assemblies.

Adobe Dreamweaver

Thanks to this software, I was able to create several websites.
